

2025 Engineering Excellence Awards

CALL FOR ENTRIES

by the American Council of Engineering Companies of Arkansas

CALL FOR ENTRIES

Achieving Recognition

ACEC/A's 2025 Engineering Excellence Awards competition offers the opportunity to showcase the year's best engineering achievements to an audience of clients, peers, and decision-makers at all levels. The EEA Banquet celebrates, with pride and elegance, the outstanding achievements of the engineering profession.

ENGINEERING EXCELLENCE

The American Council of Engineering Companies of Arkansas's annual Engineering Excellence Awards (EEA) competition recognizes engineering firms for projects demonstrating high achievement, value, and ingenuity.

Again this year, engineering firms are entering their most innovative projects and studies for the state competition conducted by the American Council of Engineering Companies of Arkansas (ACEC/A).

EEA entries are accepted into one of 12 project categories: Studies, Research, and Consulting Engineering Services; Building/Technology Systems; Structural Systems; Surveying and Mapping Technology; Environmental; Water and Wastewater; Water Resources; Transportation; Special Projects; Small Projects, Industrial and Manufacturing Processes and Facilities; and Energy.

Awards are given for large projects with construction costs greater than or equal to \$500,000 and one for small projects with construction costs less than \$500,000 for each of the categories except Category A.

Project entries must be designed by engineers located in Arkansas. A distinguished panel is convened to judge the projects. These professionals may have backgrounds in engineering, architecture, state and federal government, media, academia, and military. The panel evaluates projects for engineering excellence and then selects winners for each subcategory. One Grand Conceptor Award is chosen from among the other award winners.

All submitted projects are rated on the basis of uniqueness and originality; future value to the engineering profession; social, economic, and sustainable development considerations; complexity; and successful fulfillment of the client/owner's needs, including schedule and budget.

ACEC/A's Engineering Excellence Awards provide firms an opportunity to obtain statewide recognition and to showcase their talent and expertise at a prestigious awards ceremony.

2024 GRAND CONCEPTOR AWARD

HWY 71B/I-49 INTERCHANGE

CRAFTON TULL | ARDOT

Eligibility

Any Arkansas engineering or surveying firm, or any firm joint venturing with an Arkansas firm, is eligible to enter the awards program, whether or not the firm is a member of ACEC/A.

Judging

Entries are judged on the basis of overall engineering excellence in each of 12 categories. Entries are judged on the basis of the work performed by the entering firm according to the rating guidelines listed. Winners are notified prior to the EEA Banquet, except for the Grand Conceptor Award, which will be announced at the banquet.

Awards

The panel of judges may grant up to 23 awards, two in each category (except in Category A), and one Grand Conceptor Award, at its discretion. The Grand Conceptor may come from any of the 12 categories and will be presented as the top state winner selected by the judges, whose decisions on all awards are final. Awards will be presented to the clients/owners and the entering firm submitting the winning entries.

Publicity

The public relations and marketing value of participation in the state Engineering Excellence Awards program is considerable. All state winners are highlighted in Building Arkansas magazine. Each entry is recognized at the awards banquet. The ACEC/A staff contacts the local media to announce winners and their awards. Winners are also published on the ACEC/A website at www.ArkansasEngineers.org.

Categories

There is a small and large project entry level for each category, except project Category A, which has no project size criteria. The small project subcategory is for projects with construction costs below \$500,000.

Entrants will receive a \$100 discount for submitting in the small projects subcategory.

**Please note that these requirements are for the state competition, which closely reflect national requirements. If you choose to submit your project for national competition, there is a separate brochure and entry form.*

CALL FOR ENTRIES

Rating Guidelines for Judges

25% Original or innovative application of new or existing techniques

20% Future value to the engineering profession and perception by the public

15% Social, economic, and sustainable design considerations

20% Complexity

20% Exceeding client/owner needs

100% Total

DEFINITIONS OF RATING GUIDELINES

1. Original or innovative application of new or existing techniques:

Does the entry demonstrate use of a new science or a breakthrough in the general knowledge of engineering?

Does the entry represent a unique application of new or existing technology, techniques, materials, or equipment?

2. Future value to the engineering profession:

Does the entry advance the state of the engineer's art?

Does the entry advance a positive public image of engineering excellence?

3. Social, economic, and sustainable design considerations:

Do the solutions identified produce secondary benefits of value to the community environment?

Does the entrant's approach provide society with social, economic, or sustainable development benefits?

Does the entrant's contribution to the project improve the health, safety, or welfare of the public or affected environment?

4. Complexity:

Did the entry successfully address very complex criteria or unique problems?

Were extraordinary problems of site, location, hazardous conditions, project requirements, or similar elements present?

Did the entry require the use of out-of-ordinary technology or ingenuity for achievement of the project's goals?

5. Exceeding client/owner needs:

Did the engineer or entrant successfully engage the client/owner in the overall project development process?

Does the entry comply with and justify its original concept?

Is it an economic and cost-effective solution?

How did final cost relate to original budget estimate?

How closely does the entrant's solution meet the total goals of the client/owner?

Did the entrant meet the client's time schedule?

CATEGORY A
Studies, Research, and Consulting

Non-design services including, but not limited to:

- New Products, Materials, and Technologies
- Expert Testimony
- Basic Research and Studies
- Computer/Software Technology
- Technical Papers

None of the projects entered in Category A are involved with the preparation of construction documents.

CATEGORY B
Building/Technology Systems

- Mechanical/Electrical
- Computer/Technology
- Communications
- Acoustics
- Software Systems
- Energy Efficiency - New and Retrofit

CATEGORY C
Structural Systems

- Foundations
- Tunnels
- Buildings
- Seismic Design
- Towers
- Bridges
- Sports Facilities

CATEGORY D
Surveying and Mapping Technology

- Geometrics, ALTA, Land Title, and Rights Surveys
- Control, GPS, Monitoring, or Construction Surveying
- Survey Mapping, GIS/LIS, and Photogrammetry

CATEGORY E
Environmental

- Hazardous Waste
- Solid Waste
- Restoration/Reclamation
- Air Quality
- Noise

CATEGORY F
Water and Wastewater

- Wastewater Collection/ Treatment and Disposal
- Residuals Management
- Storm Water Management
- Erosion Control

CATEGORY G
Water Resources

- Hydraulics and Hydrology
- Irrigation

CATEGORY H
Transportation

- Highways
- Railroads
- Airports
- Marine/Ports
- Public Transit
- Intermodal Facilities

CATEGORY I
Special Projects

- Safety and Security
- Corrosion Protection
- Program and Construction Management
- Land Development
- Recreational Facilities

CATEGORY J
Small Projects

- Total project construction budget does not exceed \$2.5 million. At the entrant's discretion, except for entries in Category A, projects under \$2.5 million are not limited to this category.

CATEGORY K
Energy

- Transmission and Distribution
- Power Generation
- Renewable Energy
- Cogeneration
- Energy Storage Technologies
- Energy Usage Reduction Programs
- Demand Side Management

CATEGORY L
Industrial and Manufacturing Processes and Facilities

- Petrochemical
- Biotech
- Manufacturing
- Heavy Industry
- Industrial Waste
- Materials Handling
- Mining, Metallurgy, Mineralogy

SUBMISSION REQUIREMENTS & CHECKLIST

This section describes all required submission materials for entering the 2025 ACEC/A Engineering Excellence Awards competition. Each entry is required to be submitted and paid for digitally by the **November 1, 2024** deadline. All materials must be submitted as designated below.

ALL required materials to be digitally submitted at: eea.arkansasengineers.com

Project Information Submittal

- 1. Official Entry:** The engineer or surveyor and client/owner must all sign the original Official Entry Form stating that the submitted project was substantially completed and ready for use between November 1, 2021 and October 31, 2024.
 - Future value to the engineering profession
 - Social, economic, and sustainable design considerations
 - Complexity
 - Exceeding client/owner needs.
- 2. Executive Summary:** (One page: 8.5" x 11" with 1" side margins) describing the problem and solution. Project title and entry category must appear at the top of the page.
- 3. Project Description:** Five pages or less (8.5" x 11") addressing a, b, and c as listed below. The project title, category, and page number should appear at the top of each page. Entrants may use text (minimum 12 point), photos, graphics, etc.
 - a. Role of entrant's firm in the project
 - b. Role of other consultants participating in the project
 - c. Brief description of the entrant's contribution to the project addressing each of the following as an example:
 - Original or innovative application of new or existing techniques
 - Include the actual cost and actual date of completion information from the Official Entry Form.
- 4. 200-word project summary**
- 5. Key participants:** In an Excel spreadsheet, list the project's key participants, such as contractors, subcontractors, other engineers, architects, and designers involved. Include each participant's firm name, address, phone number, and email address.
- 6. Photographs:** Six different photos or graphics (one per page) with captions describing the subject matter. Captions shall begin with: Photo 1, Photo 2, etc. Specifications: JPEG file; RGB format; High Resolution (300 dpi) and included in a PowerPoint.

CHANGES TO EEA SUBMISSIONS FOR 2025

POWERPOINT FILE containing 8 slides

- **Slide 1: Title Slide** - include new EEA logo, firm name, project name, project location, city and state.
- **Slides 2 - 7: Photo Slides** - include photos 1 through 6 (same photos as Item #6 above), and captions for each photo. Do not include caption/text on the photo.
- **Slide 8: Display Slide** - include scaled version of the photographic display panel. Accepted file format is PowerPoint (PPT or PPTX) only.

This presentation will be used by the judges as part of their evaluation. Do not include sound, transition effects, animations, present timing, or slide show sequencing. (A sample PowerPoint presentation is downloadable from the ACEC Arkansas website.)

Photographic Display Panel

You will no longer be required to print and ship display panels. Simply upload the print-ready display panel into the 8th slide of the PowerPoint referenced above. Panel text and photos should demonstrate the challenges, solutions, and innovative uniqueness of key project elements. Each panel should be prepared with high-quality images and graphics and minimal text.

- High Resolution JPEG file should be inserted into the PowerPoint
- Please use 24-point type or larger for text and/or descriptions
- Title and location of the study or project, client/owner's name and location, and entering firm's name and location (minimum 24-point type) should be shown on the front of the panel.
- Additional reference to the firm's name may be made within the text on the panel.

2025 EEA Submission Checklist

Before submitting, make sure you have included the following according to the specifications above:

Official Entry Form:

- Signature of Firm's Principal
- Signature of Client/Owner

Project Information Submittal:

- 1 PDF containing sections 1-4

Project Photography: NEW FOR 2025 - TOP SIX PHOTOS (for marketing purposes only) SUBMITTED IN POWERPOINT FILE ONLINE.

Project Submission Fee

Complete "Key Participants" as a separate document (download at the link below). You must complete and upload with the following information:

- Contact First and Last Name
- Firm Name **MUST MATCH ON ALL MATERIALS**
- Category, Size, Project Name, Email, Phone Number

IMPORTANT DATES TO REMEMBER

November 1, 2024

Submitted materials to compete in state EEA competition must be received by ACEC/A.
(Deadline to submit for nationals is January 8, 2025.)

December 2024

Judging will be held.

January 13, 2025

Winners will be announced.

January 13, 2025

Registration for event opens.

March 6, 2025

EEA Gala
Chenal Country Club, Little Rock, AR
6pm - 9pm

All materials submitted for judging in the state competition become the property of ACEC/A and may be used in future publications.

Furnish all information requested below for each entry. Firm, project and client typed or printed as they are to appear on the award. Please limit the project name to 35 characters. A fee of \$375 per entry for ACEC/A members (\$675 for non-ACEC/A members) must be paid during the digital submission process. (Small project entries are \$275 for members and \$575 for non-members). **NOTE: Submissions are not considered final until payment step has been completed in the online submission process.**
